* Section = Chapter on either the Historic Bottle Website or printed edition of the Encyclopedia of Manufacturer's Marks on Glass Containers. First letter indicates the chapter (e.g. A = chapter on A logos) : name of section with chapter (e.g., American GW-Pitts is the section on the American Glass Works, Pittsburgh, PA.

** Not a glass manufacturer

† If the IGC logo were used by the Ihmsen Glass Co., it would *only* have been on a few export beer bottles.

†† IGO is almost certainly either a mis-reading or an engraver's error for IGC.

‡ I-P = Junius Perry; the mark is easy to mis-identify as HP ligature.

‡‡ Numerous packers and bottlers in the last half of the 19th century and early 20th century used the IXL initials (meaning "I excel") on a bewildering array of products.
